

Multisystemic Therapy (MST) Program Development, Consultation and Training Services

Community Solutions Inc. is a nonprofit organization that promotes self reliance, responsibility and accountability for at-risk and disadvantaged youth and adults. Since 1962, Community Solutions has delivered supervision, treatment and comprehensive, individual services to help clients interact more effectively in their communities and become productive citizens.

Community Solutions is one of a select few organizations to be considered as a Network Partner by MST Services, the lead organization in disseminating the MST model. Network Partner organizations are committed to large-scale growth of MST and the highest level of integrity and fidelity to the treatment model. As a Network Partner, Community Solutions' system supervisors conduct the training and consultation that is usually purchased from MST Services. This helps reduce costs for the stakeholder and allows for a more in-depth focus on staff development and program fidelity.

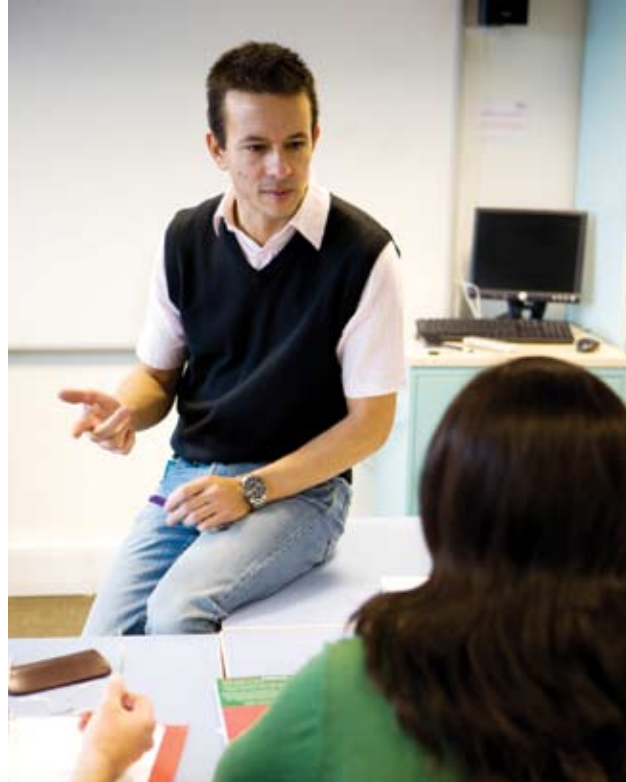

Our Services

In 2008, Penn State University cited Community Solutions as the "World's Largest MST Provider" and we are widely acknowledged for our strict adherence to model fidelity and successful outcomes for youth and families. Our award-winning training and business development team provides comprehensive training for new and existing MST teams including:

- Training • Consultation • Technical Assistance
- Quality Assurance • Program Development

our name is our mission

Our training team consists of Community Solutions system supervisors who are highly skilled clinicians committed to enhancing the training and development of clinical supervisors and therapists. Our system supervisors:

- have direct MST clinical treatment experience.
- have a master's level degree and more than 15 years of combined MST experience.
- contribute significantly to process and policy improvements.
- have regularly scheduled meetings with MST staff to proactively address challenges and goals.
- receive cross-training in program management and implementation.
- work with 8 to 10 teams and will provide services on-site.

Community Solutions receives first SAMSHA "Science to Service" Award

In 2007, the Substance Abuse and Mental Health Services Administration (SAMSHA) recognized Community Solutions MST for exemplary implementation of evidence-based interventions to prevent and treatment mental illness and substance abuse.
