COMMUNITY SOLUTIONS INC.’S CONTINUUM OF ADULT RESIDENTIAL SERVICES

Residential Work Release
Re-entry Centers

These are programs for state and federal work release clients who live in a congregate setting and are supported as they obtain full-time employment and meet financial and self-sufficiency goals. The programs administer assessments, monitor compliance with treatment plan goals and involve clients in direct treatment services that address their criminogenic tendencies. Random breathalyzer or urinalysis, cognitive behavioral groups, and case management assist the client in maintaining stability leading to successful discharge. Community Solutions Inc. also offers an all-female residential work release program.

Women & Children’s Work Programs

These programs are for female state work release clients who live in a congregate setting and are supported as they obtain full-time employment and meet financial, self-sufficiency, and family reunification goals. The program’s emphasis is on gender responsive programming aimed at helping women address substance abuse and mental health issues. Johnson and Silliman Houses are for adult women with or without children.
